Founded in 2000, In’Tech Medical designs and manufactures surgical instruments, implants, cases and trays.

Focused on bringing innovative ideas from conceptualization to commercialization.

Positioned to meet your evolving supply chain needs with operations across the USA, Europe and Asia-Pacific.

**OUR CORE VALUES**

- Relentless Focus on Quality
- Committed to Personalized Customer Care
- Engineering Elegance
- Continuous Improvement

The In’Tech Group is a global leading contract-manufacturer of surgical instruments, implants, cases & trays and silicone handles. Powered by 800 employees across the globe, In’Tech is a premiere engineering powerhouse, capable of delivering manufacturing solutions anywhere, at any time. As a healthcare technology innovator, In’Tech is renowned for its portfolio of turnkey designs as well as Wayvio® data-driven asset management solution.

Together, we are In’Tech.

2-IN-1 TORQUE LIMITING & RATCHETING

- The world’s most precise ratcheting mechanism combined with torque limiting capabilities, an industry first.
- Prevents potential over-tightening
- Reduces space required in instrument trays and reduces overall weight concerns in sets.
- Reduces surgeon fatigue by combining the unique 2-in-1 mechanism.
EXPRESS YOURSELF

Customize your handle in 4 simple steps

1. PICK YOUR HANDLE
2. SELECT YOUR FAVORITE COLORS

ULTRA HIGH PERFORATION TRAYS

These trays were specially developed to facilitate automated washing machine usage in the decontamination phases of autoclave sterilization.

1. **Washing Baskets:** Mesh trays are woven and silicone brackets positioned per your layout.

2. **Punched Trays:** Optimized airflow with a high perforation up to 30% of the surface.

RACKS & CADDIES

Machined from lightweight medical grade thermoplastic, caddies are designed around your implants (plates & screws) or instruments and are adapted to all surgeries. These modular shuttles will improve handling & ensure optimal protection of sharp edges for long-lasting exposure.

MODULAR RACK

CADDY

MESH TRAYS IN VARIOUS SIZES

HIGH PERFORATION PUNCHED TRAY
MODULAR TRAYS
A PLACE FOR EVERYTHING & EVERYTHING AT ITS PLACE

Looking for everlasting modularity?
Ask about our modular trays for a virtually infinite number of combinations ensuring you are ready for every situation.
INNOVATE HOW YOU OPERATE

WAVIO MONITORS

STERILIZATION
Embedded temperature sensor records and monitors sterilization cycles range impaction or strains

COUNTER METER
Measures conditions your devices are being subjected to: frequency, number of clicks, impacts

DEVICE ABUSE
Track inadvertent events: accidental dropping

WAYVIO OPTIMIZES

Reduce cost of capital invested in trays & inventory

Optimize tray rotations & monthly inventory coverage

Save time & money on inventory tracking & recomposition of your trays
